Workshop Title:	"Picture This" Vest
Description:	Creative Vest Design
Level:	Beginning and Intermediate
Sewing Machine used:	Yes

Students may use Rachel's "Picture This" Vest Pattern or bring their own to create a wonderful and unique vest. This class explores building a vest around a batik panel, large-scale novelty or pictorial fabric, quilt block, molas, or any other ethnic textile that you want to present in your windows. Remember this is a one-day class; therefore you won't finish your vest. Basic sewing experience is necessary, but more important is an adventurous spirit, imagination, and sense of humor.

Supplies you should bring to the Workshop:

- ✂ Vest pattern that fits ((Rachel will have patterns available for a \$15 fee).
- ✂ 9 to 12 prints and solid fabrics (welcome to bring more) in 1/4-to-1-yard pieces
- ✂ Base fabric-muslin or flannel (amount required by your pattern) 1½ yard if using mine
- ✂ Light to med. weight interfacing
- ✂ Lining for vest
- ✂ Embellishments
- ✂ Extension cord (if required for facilities)
- ✂ Iron (optional)
- ✂ Basic sewing kit
- ✂ Pencil and notepad
- ✂ Tracing or pattern paper (examination table paper)
- ✂ Rotary cutter and board
- ✂ Omnigrid ruler or quilter's rule
- ✂ Scotch tape (optional)

Note: PRESHRINK YOUR FABRIC!

***Pre-Class work: cut and fit vest pattern. Class assistance will be available.**
